

Embassy of the United States of America

Tokyo, Japan

April 8, 2021

First Set of Questions and Answers

Request for Quotations No. 19JA80-21-Q-0399
Fall Protection Guardrail Installation Services

Question 1:

"American embassy - Can we install a 2438 mm guardrail to 2681 mm gap adjusting the length of gate and the position of base plates?"

Answer 1:

Yes, you can.

Question 2:

"Kobe - Can we decide where gates are installed?"

Answer 2:

The yellow high-lighted portions shown in the attached diagram are for the gate locations. Note: Diagram will be provided to prospective vendors who participated in the pre-proposal conference and site visit.
